## Synopsis :

From the Author Free Student Files Download: [wps.pearsoned.com/ecs\\_felke\\_bwdHTML5\\_CSS3\\_3/](https://wps.pearsoned.com/ecs_felke_bwdHTML5_CSS3_3/)This is an exciting time to be in the field of web development - HTML5, CSS3, the mobile web! The field is constantly changing and this book provides a well-rounded foundation in coding and design concepts. The approach of the book reflects my personal philosophy of teaching web development and emphasizes hands-on practice exercises. Case studies are included throughout the book to provide students an opportunity to apply their new skills. The textbook companion website at [webdevbasics.net](http://webdevbasics.net) has a page for each chapter with hyperlinks for websites listed in the book, information on emerging trends, additional examples, corrections, and review games. Instructor materials are available from the publisher's website.
